Dear Parents,

Greetings from DPS, Mahendra Hills!

School is committed to the safety and security of the students at all times. We have observed the children travelling by own transport (mini vans) and would like to inform that these vans are driven very fast most of the times. The capacity of the seats are also increasing, thus making the students sit on stools. It is also observed that some of the drivers of the private vehicles keep changing and it is difficult on our part to ensure the safety and security of the children travelling by these vans. The private vehicles also do not have any attenders to ensure the safety of the children.

Keeping the above points in mind, the school once again wishes to inform you that we have 32 seater buses and have reworked on the transport slabs to provide maximum benefits to the parents and children. We request you to kindly consider the safety of the children and opt for school transport which is a safer mode of transport. Please feel free to contact Transport Manager, Mr.Mehaboob on 9390946611 for any further information or details in this matter.

Slab	Amount
